

PIGS

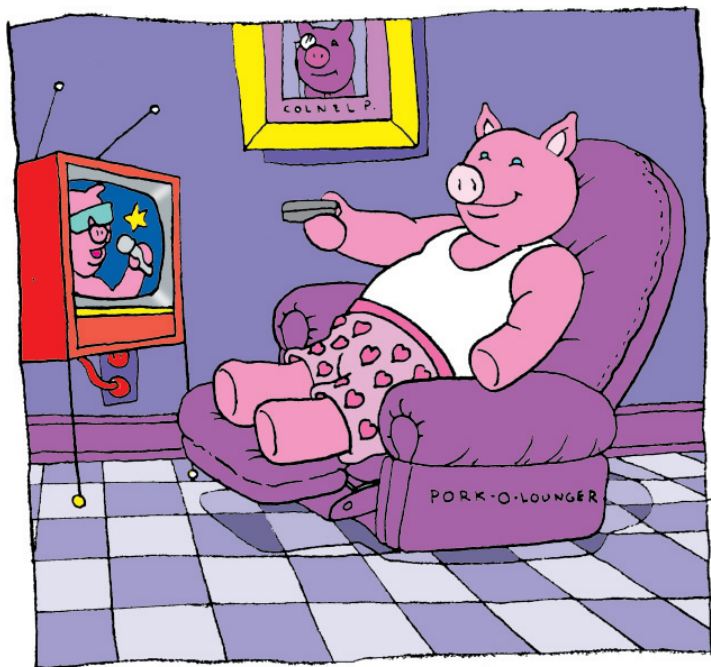

B Y B A R T L A U B E

Some pigs are pink,

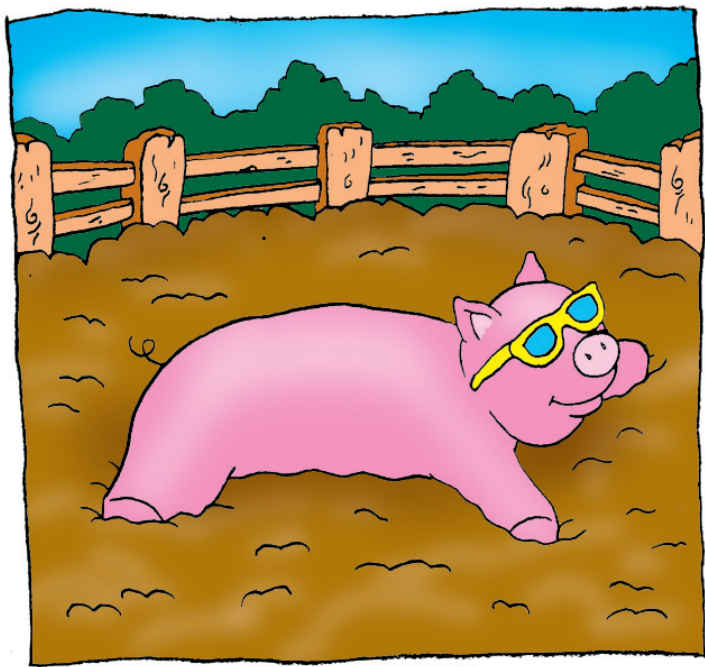

some pigs are spotted,

some like to sit,

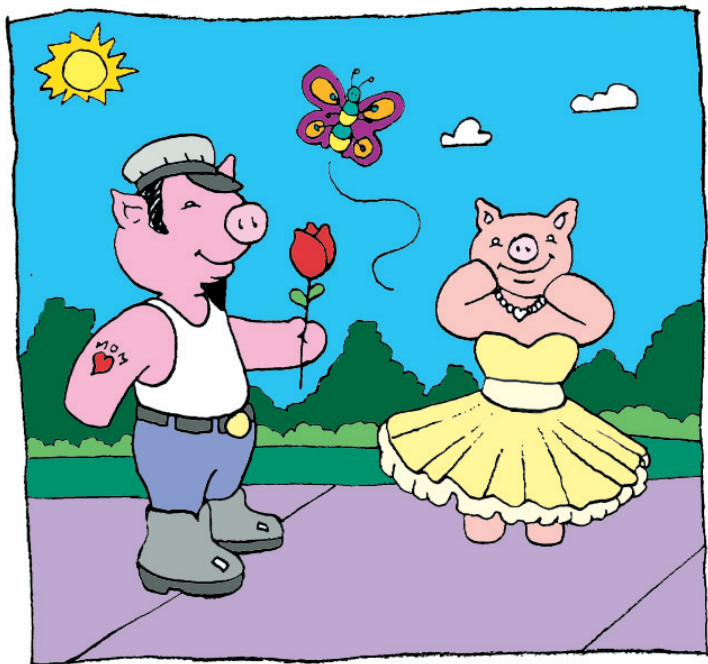

some like to be trotted.

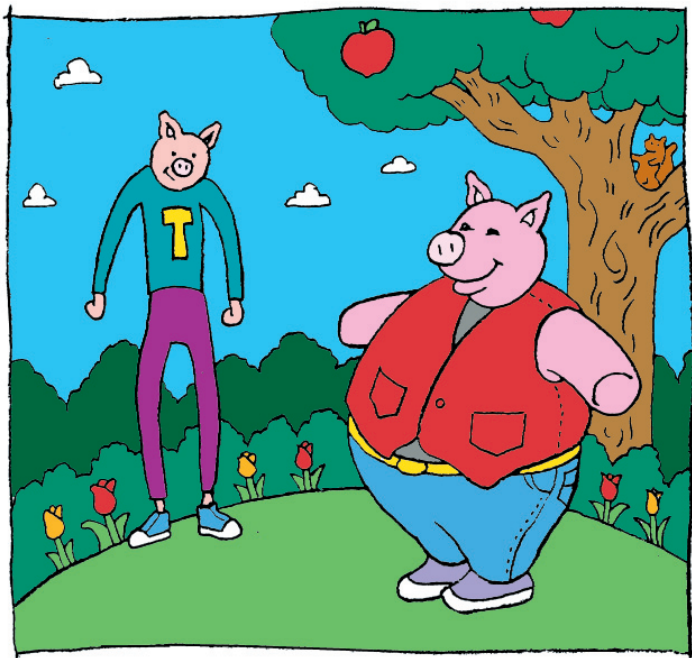

some pigs are happy to lie in the mud,

some pigs are clean and like lots of suds!

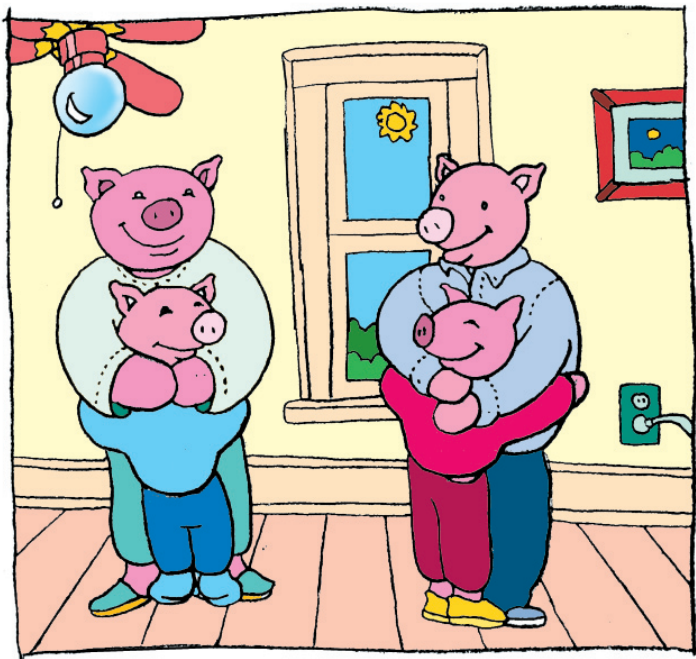

some pigs are tuff, while others are dainty,

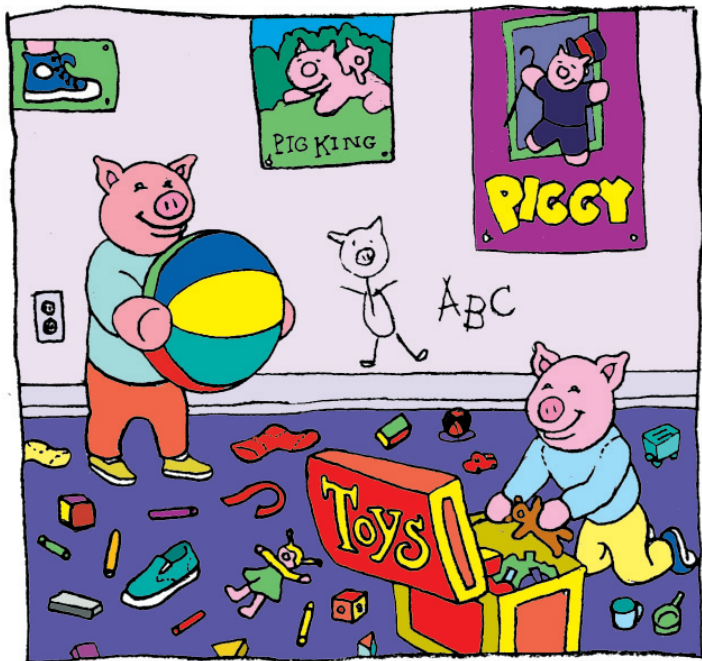

some pigs are thin, while others are weighty,

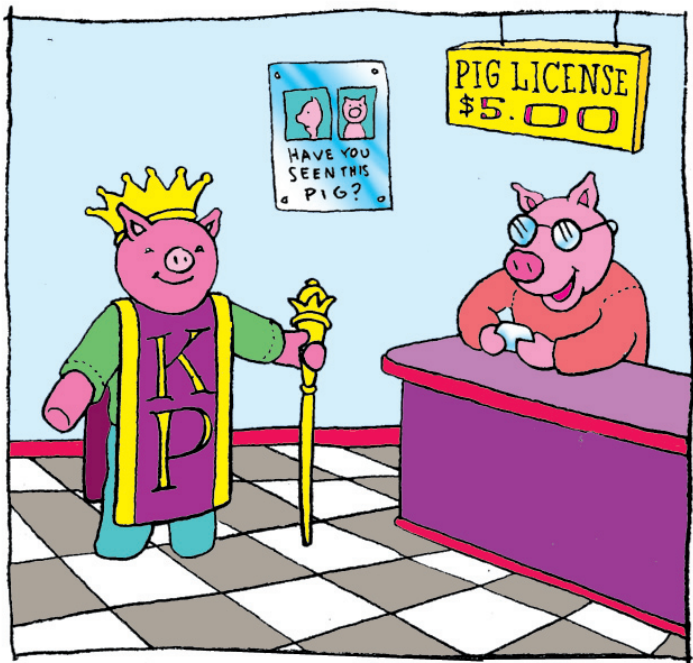

some pigs are good, some pigs are bad

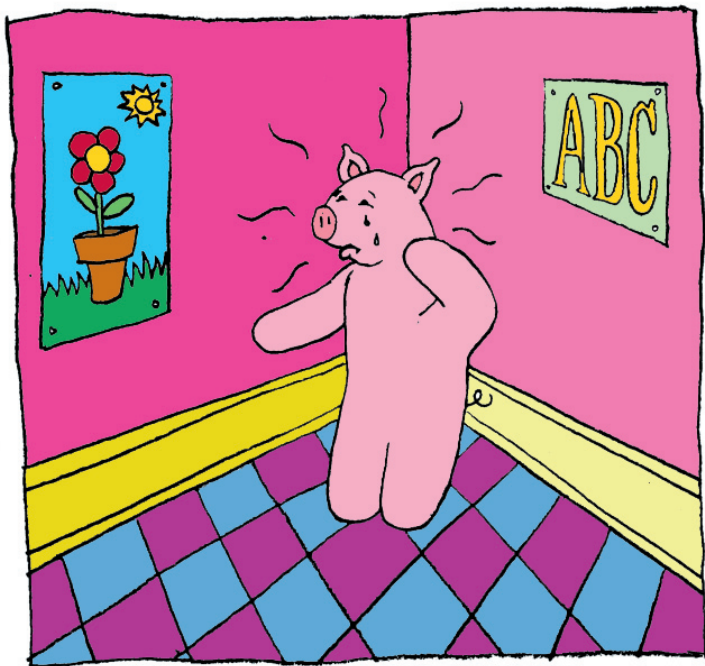

some pigs like mommies and others like dads

but they all like to play and they all have to work ...

from the king of all pigs, to the pig license clerk

so when you see a pig, don't tell him
he's stinky, don't laugh at his face, or
call him "big pinky"!

just wish him "good day" and smile politely,
because pigs like most people,
don't take teasing to lightly!
